

Figure 1 (to FER-164). Location of faults in the southern Hollister study area (highlighted in yellow). Base map is from Buchanan-Banks, et al (1978), scale 1:250,000. Traces of the Quien Sabe, Bradley, and Tres Pinos faults, not part of Buchanan-Banks' study area, are generalized from CDMG (1974a) and Dibblee and Rogers (1975).
